

Environmental Policy

Environmental management is an integral part of Paull-Warner Resources' (PWR) business.

PWR – leading Australian supplier and fabricator of emergency response vehicles; supplier of medical and emergency response equipment; provider of emergency response and industrial safety training; provider of emergency response, medical and security personnel; and the design, installation and maintenance of fire detection and occupant warning systems, fixed and mobile fire suppression systems and portable firefighting equipment - are committed to improving our processes to prevent pollution and minimise waste.

To fulfil our commitments, PWR will:

- Respect the natural environment.
- As a minimum, comply with all relevant legislative and regulatory requirements, Codes of Practice and industry standards.
- Develop, implement and maintain a comprehensive and robust environmental management system.
- Conduct our activities in such a way to maintain the integrity of the natural environment by limiting our environmental footprint.
- Conduct audits and inspections, set performance objectives and measure progress to ensure continuous improvement of the environmental management system.
- Prescribe environmental specific responsibilities in all employee job descriptions.
- Identify relevant environmental training for its employees.
- Promote our commitment to good environmental Management and awareness to all interested parties, utilising PWR consultation and communication procedures to develop an informed and responsible environmental culture.
